TWO HUNDRED PARTICIPANTS ATTEND MEDICAL SYMPOSIUM ORGANIZED BY EUROMEDIC ITALY

Last week, Euromedic's Iniziativa Medical Group in cooperation with the Italian Society of Medical Radiology (SIRM) organized a very successful medical symposium concerning "Joint Imaging WHEN and HOW" with nearly 200 attendees which included medical professionals and Senior Executives from the most prestigious private and public diagnostics centres in Italy.

The symposium took place at the Sheraton Hotel in Padova and among the speakers were Euromedic's President Joseph Priel, Luciano Babetto President Euromedic Iniziativa Medica and Giuseppe Giannasio President Euromedic Italy in addition to a number of political and scientific authorities. The primary objective of the congress was to provide state of the art knowledge transfer regarding imaging diagnostics for joint pathologies with particular focus on hand, wrist, elbow, shoulder, hip, knee and ankle joints.
