## EUROMEDIC BEGINS DIALYSIS SERVICES IN THE UNITED KINGDOM

Euromedic announced the commencement of dialysis services in the UK—Northamptonshire in the town of Corby. The centre is part of the framework contract with the University Hospitals of Leicester NHS Trust for the provision of haemodialysis treatments across the East Midlands renal dialysis network region which was signed in July 2008.

IDC Corby is a mobile dialysis unit, one of the first of its kind to operate in the UK, is equipped with 8 state-of-the-art dialysis stations and water purification system. The centre will provide dialysis services for up to 40 patients (over 6,000 treatments annually) ahead of a 20 station fixed centre which will be opened in Corby in the early part of 2009. The company provides dialysis treatments on a regular basis for over 6,200 patients (nearly 1 million treatments annually) in eight countries in Europe. Euromedic now owns and operates a pan-European network of 170 medical centres (91 Diagnostics, 52 Dialysis and 27 clinical laboratories) in 15 countries in Europe.
