## EUROMEDIC OPENS THREE NEW CENTRES UNDER A NEW CONCEPT OF "ONE STOP SHOP" WITH STATE-OF-THE-ART EQUIPMENT AND ADDITIONAL MEDICAL SERVICES

Last week, Euromedic Portugal opened new facilities for 3 Centres (CDI Evora, CREAR Lisbon and Castelo Branco) with state-of-the-art equipment and expanded the services to a new concept of "One Stop Shop". In these new centres Euromedic will provide Imaging, Laboratory, 20 different Specialty Consultancies, Dental and Ambulatory Surgery. The concept is to provide to the patients the possibility to make a complete diagnostic, medical, lab or same day surgical treatment without the need to go to different places or to the hospital. In their new facility the centres will provide a full range of diagnostics procedures including: Magnetic Resonance Imaging (MRI), Computed Tomography (CT), Clinical Laboratory examinations, Digital Radiology, Mammography, Electroencephalogram (EEG), ECHO Doppler, Ultra Sound, ECG Holter, Osteodensitometry, Virtual Colonoscopy, Prostate Biopsy, Gastroenterology, Dental, Urology, Ambulatory Surgery and Specialized Medical Consultations.
