EUROMEDIC ACQUIRES “BIOCYT” LABORATORY IN BRNO, CZECH REPUBLIC

Euromedic announced the completion of its acquisition of “BioCyt” laboratory in the city of Brno (second largest city in the Czech Republic) South East part of the Country. The acquisition is very strategic for the company as it will compliment Euromedic’s existing laboratory business in the country and extend its line of clinical investigations into the specialized pathology laboratory services.

“BioCyt” laboratory has a well recognized and respected brand having served in the community for over 15 years. The laboratory’s core business focuses on Pathology diagnostics examinations including: Biopsy, Cytology and Necropsy investigations. This year, the company with its staff of 12 medical professionals will complete over 26,000 pathology investigations.

This latest acquisition extends Euromedic’s network of medical centres to 174 (92 Diagnostics, 54 Dialysis and 28 clinical laboratories) located in 15 countries in Europe.
