## EUROMEDIC ACQUIRES “INIZIATIVA MEDICA GROUP” INCLUDING THE LARGEST MRI CENTRE IN EUROPE

Euromedic has announced the completion of its acquisition of “INIZIATIVA MEDICA GROUP” including the largest MRI Centre in Europe which operates 13 MRI’s. The group is comprised of four centres which are located in the cities of Monselice (Padova), Piove di Sacco (Padova), Modena and Ferrara in the Veneto and Emilia Romagna regions of Northern Italy. “INIZIATIVA Medica Group” was established in 1987 and is a well recognized imaging diagnostic company having faithfully served the community for over 20 years. The centres and their team of 90 medical professionals perform more than 130,000 diagnostic investigations annually including more than 55,000 MRI examinations.

The group of company’s provide a wide range of diagnostics and outpatient services including: Magnetic Resonance Imaging (MRI), Computer Tomography (CT), Ultrasound, Digital Radiology, Physical Therapy, Physio-Kino therapy and specialist examination. The “INIZIATIVA MEDICA GROUP” joins the additional three diagnostic centres network of Euromedic in Italy. Euromedic owns and operates 146 medical centres (72 diagnostic, 45 dialysis and 29 clinical laboratories) in 14 countries in Europe.
