EUROMEDIC OPENS A SECOND DIALYSIS CENTRE IN POZNAN, POLAND

Euromedic announced the opening of its newest state-of-the-art dialysis centre in Poznan, Poland. The centre is located in the Regional Medical Hospital of Poznan and was developed as a green field project in the hospital.

IDC Poznan II has the capacity to treat 120 patients on a regular basis. The centre has 20 haemodialysis machines and with its staff of 28 medical professionals will perform nearly 19,000 dialysis treatments yearly. Euromedic's first dialysis centre in Poznan was established in the Military Hospital in 2001.

Euromedic is the market leader in private dialysis service in Poland. Euromedic owns and operates 149 medical centres (73 diagnostics, 47 dialysis and 29 clinical laboratories in 14 countries in Europe.
