## EUROMEDIC OPENS A NEW DIALYSIS CENTRE IN NABEVESHNYE CHELNY IN TARTARSTAN

Euromedic announced the opening of its newest state-of-the-art dialysis centre in Nabevezhyne Chelny, Republic of Tatarstan, Russian Federation. The centre is located in the Regional Medical Hospital in the ancient city of Nabevezhyne Chelny and was developed as a green field project in cooperation with the local government. The centre was built based on a long term contract with the government.

IDC Nabevezhyne Chelny currently has the capacity to treat 160 patients on a regular basis. The centre has 23 haemodialysis machines and this year with a staff of 32 medical professionals will deliver nearly 25,000 treatments.

Euromedic is the largest private dialysis service company in Russia providing services to 1,150 patients. Euromedic owns and operates 148 medical centres (73 diagnostics, 46 dialysis and 29 clinical laboratories) operating in 14 countries in Europe.
