EUROMEDIC ACQUIRES “CHARLEMONT IMAGING CLINIC” IN DUBLIN, IRELAND

Euromedic has announced the completion of its acquisition of “Charlemont Imaging Clinic” a multi-modality outpatient / diagnostics centre located in the heart of Dublin's city center. The company, which was established in 1987 by two of Dublin’s finest Radiologists, Dr. Gerard D. Hurley and Dr. David McInerney is a well recognized imaging diagnostic company serving the community for over 20 years. The diagnostic imaging services are provided by an expert team of Radiographers and Consultant Radiologists, supported by a professional administrative staff.

The company provides a wide range of diagnostics procedures including: Magnetic Resonance Imaging (MRI), Computer Tomography (CT), X- Ray, Ultrasound, Bone Densitometry (DEXA) and Dental CT/OPG. The “Charlemont Clinic” centre joins the additional two diagnostic centres acquired earlier by Euromedic in Dublin. Euromedic’s network of medical centres has expanded to 147 (73 diagnostic, 45 dialysis and 29 clinical laboratories) in 14 countries in Europe.
