## EUROMEDIC ACQUIRES “INTERMAR” AND “DIAGNUS” DIAGNOSTIC CENTRES IN ISTANBUL, TURKEY

Euromedic has announced the completion of its acquisition of two diagnostic centres “INTERMAR” and “Diagnus” located in the Nisantasi District of Istanbul’s city center. The centres are modern multi-modality diagnostic facilities which will be fully integrated and co-located with Euromedic’s INTERMED medical centre in the same building.

Both “INTERMAR” and “DIAGNUS” have well established brand names as distinguished, well recognized Medical Services providers with over a decade of dedicated service in Istanbul. Together, with “INTERMED” Medical Centre which Euromedic acquired earlier this year, the joint centre will become one of the largest private medical services provider in the city. With its team of 100 medical professionals receives over 200 patients per day and completes over 160,000 Diagnostic / Laboratory examinations per year.

The company provides together a complete range of Outpatient, Diagnostic and Laboratory services including: MRI, CT, MR Angiography, Mammography, Internal Medicine, Gastroenterology, Endocrinology, Orthopedics, Nutrition, Echocardiograms, Echography, Neurology, Neurosurgery, Biopsy and Conventional Radiography, Colored Doppler-Sonography, Cardiology and complete line of clinical laboratory services.

Euromedic now owns and operates 10 dialysis centres and one large diagnostic and Medical Centre in Turkey. Emir Ozler, Euromedic’s Country President said that “ the company intends to use the INTERMED Brand as a platform for launching satellite centres in Turkey”.
